

SYNTHETIC BLEND

Superior protection for high performance engines that are used in the toughest applications. Meets the demands of today's low emission diesel engines and of older models using both low and high sulfur fuels Superior anti-wear properties. Extended TBN reserves which provide improved acid neutralization and corrosion protection. Meets the API SN specification for gasoline engines that are used in mixed fleets.

- **Approved: CK-4, SN**
- **ACEA E9-12**
