

GL-1 SAE 140

ABRO SAE 140 API GL-1 Gear Lube is a straight mineral gear lubricant that meets API service classification GL-1. These oils do not contain any active compounds, which could contribute to corrosion or wear of yellow metals such as brass or bronze. Recommended for use in manual transmissions and other applications calling for straight mineral API GL-1 gear oils.

- Free of corrosive compounds.
- Great for manual transmissions, differentials, steering gear boxes, rear axles
